The International Yoga Day 2024 with the theme of YOGA FOR SELF and the society was celebrated with great enthusiasm at our

GOAL INTERNATIONAL PUBLIC SCHOOL, MANKI.

The presence of the senior Yoga guru Mr. Rajendra Nayak made this day very special and his instructions helped students to do yoga effectively. Positive effects of yogasana on our lives was well explained by Mr. Dinesh Revankar.

Yoga helps in improving concentration and attaining inner peace. It helps a person improve the quality of life physically and spiritually.

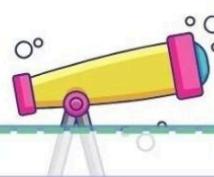

RAINY DAY

Rainy Day was celebrated with lots of happiness and enthusiasm. Students had a lot of fun. Each one had colourful umbrellas and raincoats. They were overjoyed to dance in the rain. Paper boats were left sailing in the water.

After the rain dance, the students got to eat yummy "beaten rice". Overall they had a lot of fun on "Rainy Day" at Goal. 😊

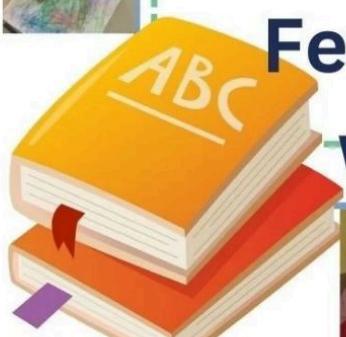

Fine Motor skills Activities

We at Goal teach and mould your child to be confident and fluent in various activities through fine motor skills like writing on sand, kneading dough activities in which small muscles of their little hands and wrists make practice movements.

Few of these activities were done at Goal.

Thank You

The card features a central 'Thank You' message in a large, elegant, black script font. A thin, horizontal line with small leafy branches extends from under the 'T' and 'Y'. The background is a light beige color with a subtle watercolor texture. A decorative border at the top and bottom consists of hand-painted flowers in shades of blue and yellow, with green leaves and gold polka dots on a white background.
