

Goal International Public School

ICSE Curriculum Framework

1. Curriculum Structure

The school follows the **ICSE curriculum**, which provides a broad-based and balanced education that encourages academic excellence, creativity, critical thinking, and moral values.

Subjects Offered

Group I (Compulsory Subjects)

- English (Language & Literature)
- History, Civics & Geography
- Second Language (Hindi / Kannada)

Group II (Elective Subjects – Choose any two)

- Mathematics
- Science (Physics, Chemistry, Biology)
- Environmental Science

Group III (Elective Subjects – Choose any one)

- Computer Applications
- Art
- Physical Education

2. Curriculum Focus

A. Holistic Development

- The program nurtures intellectual, emotional, physical, and ethical growth.
- Equal emphasis on academics, sports, cultural, and community engagement activities.

B. Skill-Based Learning

- Encourages communication, analytical reasoning, collaboration, leadership, and digital literacy.
- Activities such as debates, presentations, coding workshops, and design-thinking projects support this approach.

C. Experiential and Application-Oriented Learning

- Regular project work, lab sessions, field trips, and model-making.
- Students apply classroom learning in real-world contexts to enhance conceptual clarity.

D. Value Education and Life Skills

- Weekly sessions focus on moral education, empathy, environmental awareness, and civic sense.
- Integration of UN Sustainable Development Goals (SDGs) into classroom discussions.

E. Co-Curricular and Extra-Curricular Activities

- Sports and Physical Education (Cricket, Football, Athletics, Yoga, Chess, etc.)
 - Clubs and Societies: Science Club, Eco Club, Literary Club, Art Club, Music & Dance.
 - Annual events: Science Exhibition, Sports Meet, and Annual Day.
-

3. Assessment and Evaluation

A. Internal Assessment

- Continuous and Comprehensive Evaluation (CCE) pattern.
- Includes class tests, assignments, project work, and practicals.
- 20% of marks (on average) from internal assessments in each subject.

B. External Examination

- Conducted by the **Council for the Indian School Certificate Examinations (CISCE)** at the end of Class 10.
- Written exams test conceptual understanding, reasoning, and clarity of expression.

C. Grading Pattern

- Marks and grades are awarded as per CISCE guidelines.
- Final score is an aggregate of internal and external assessments.

D. Assessment for Learning

- Diagnostic and remedial tests conducted periodically.
 - Continuous feedback provided to students and parents for improvement.
-

4. Curriculum Implementation at Goal International Public School

- **Interactive Classrooms:** Smart classes and digital boards for visual learning.
 - **STEM Integration:** Hands-on experiments, coding sessions, and robotics activities.
 - **Language Enrichment:** Reading programs, elocution, creative writing, and debate.
 - **Environmental Awareness:** Awareness to save environment by Street play by our students.
 - **Career Guidance:** Regular counseling sessions and aptitude tests for higher education planning.
-

5. Expected Learning Outcomes

By the end of the Academic session, students of Goal International Public School will:

- Demonstrate strong proficiency in communication and analytical thinking.
- Apply scientific and mathematical reasoning in everyday life.
- Show creativity through art, technology, and performance.
- Exhibit leadership, empathy, and a sense of social responsibility.
- Be prepared for higher education and global citizenship.
